

PPA6460 TEACHING REQUIREMENTS – SEMESTER 1, 2026

The allocation of teaching time for Pre-service Teachers in their final teaching practice is designed to take responsibility for the teaching program. Where appropriate, variations from this schedule may be negotiated with the Pre-service Teacher and the University Supervisor. When Pre-service Teachers are not engaged in teaching lessons or have allocated DOTT, they should support the work in the classroom under the direction of the Mentor Teachers. All learning experiences taught in Weeks 1 – 5 will be supported by the learning area program and daily workpads prepared by the Pre-service Teacher and approved by the mentor.

Pre-service teachers should have the opportunity to apply and practise the core content ([addendum-to-accreditation-standards-and-procedures.pdf](#)) during their professional experience placements, as outlined in the Accreditation Standards and Procedures, in particular following rules and routines in the classroom and managing behaviour in the school context.
